

## Please take a moment to review our registration process

Reelin' for Research is, at its core, a fundraiser. However, we are unique from other fundraising events in that teams may participate in different ways. Some teams may not fish at all and fundraise only, while other teams may choose to only fish, donating their entry fees to the cause. Most teams do both! But because this is not a requirement to participate, and because fundraising and fishing involve processes unique to each, we essentially have two tournaments, hence two registrations. Please read on to see which applies to you.

### **I WANT TO REGISTER MY TEAM TO FISH (to be done by Team Captain).**

This part is pretty straight-forward and replaces the paper registration form that teams used to have to send in. Just be sure to register with the same Team Name used for fundraising, if applicable, so that we can credit your entry fee accordingly.
